Pests and non-chemical management practices

This child care center has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Pest	Remove food	Fix leaks	Seal cracks	Install barriers	Physical removal	Traps	Manage irrigation	Other
Cockroaches	Ø	e	~	P				
Ants			2					
Rats	V	0		Ū	2			
Bugs	U	0			Ø	V		
Spiders	Q	U		V	V	e		
							Q	

## Chemical pest management practices

If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

This child care center expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by school district staff or licensed pest control businesses.):

Eco Via - Thyme Oil/ Rosemary Oil/ 2-phenethyl propionate Essentria - Rosemary Oil/ Geroniol 600/ Peppermint oil

# **Healthy Schools Act**

This child care center complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act,(Education Code Sections 17608 - 17613, 48980.3; Food & Agricultural Code Sections 13180 - 13188)

#### Training

Every year child care center employees who make pesticide applications receive the following training	ng prior to pesticide
7 5 7 7 7 7 7 7 7 7 7 7 7 7 7 7 7 7 7 7	HSO'

Pesticide specific safety training (Title 3 California Code of Regulations 6724)

School IPM training course approved by the Department of Pesticide Regulation (Education Code Section 16714; Food & Agricultural Code Section 13186.5).

# Submittal of pesticide use reports

Reports of all pesticides applied by child care center staff during the calendar year, except pesticides exempt from HSA recordkeeping, are submitted to the Department of Pesticide Regulation at least annually, by January 30 of the following year, using the form provided at www.cdpr.ca.gov/schoolipm. (Education Code Section 16711)

#### Notification

This child care center has made this IPM plan publicly available by the following methods (check at least

This IPM plan can be found online at the following web address: cdcimmanuel.org

This IPM plan is sent out to all parents, guardians and staff annually.

## Review

Signature:

V	This IPM plan will be reviewed (and revised, if needed) at least annually to ensure that the information provided is still					
	and correct.	January 2026				

January 2026 Date of next review:

I acknowledge that I have reviewed this school district's IPM PIAn and it is true and correct.

<sup>1</sup> These pesticides are exempt from all Healthy Schools Act requirements, excep he training requirement: 1) products used in self-contained baits or traps, 2) gels or pastes used as crack and crevice treatments, 3) antimicrobials, and 4) pesticides exempt from U.S. EPA registration. (Education Code Section 17610.5)
